WHEREAS, Kinder Morgan and Exxon Mobil in partnership with EagleClaw Midstream Ventures (“Private Partnership”) have begun the process of routing a 42-inch buried natural gas pipeline, known as the Permian Highway Pipeline (“PHP”) from Coyanosa, Texas to Sheridan, Texas through the Texas Hill Country and Hays County; and

WHEREAS, the State of Texas has delegated to the Private Partnership the authority to choose the route of the PHP and to take the private land traversed by the PHP using the governmental power of eminent domain; and

WHEREAS, the PHP will traverse the properties of multiple landowner properties requiring a permanent easement of fifty (50) feet, plus an additional seventy (75) feet of temporary construction easements; and

WHEREAS, the Private Partnership has not performed an Environmental Impact Study evaluating the potential impact to property near or adjacent to the PHP, the Trinity and Edwards Aquifers, and the surrounding community; and

WHEREAS, the members of the Harper Independent School District Board of Trustees have expressed strong concerns and opposition to the presence of the PHP in the vicinity of the Harper Independent School District due to its potential negative impacts to the environment, soil, water system, and land values; and

WHEREAS, the Harper Independent School District, by and through the above named members of the governing body, has an interest in the protection of its natural resources and an interest in how the PHP may affect its citizens;
